HOW ARE YOU PROTECTING YOURSELF IN THIS CONNECTED WORLD?

BIGGEST ONLINE THREATS RIGHT NOW

- Phishing texts & emails
- Fake links & spoofed websites
- Impersonation scams (bank, delivery, etc.)
- "Urgent" or "too good to be true" messages

3 EASY WAYS TO STAY SAFE

- Use strong, unique passwords
- Turn on 2-factor authentication
- Keep devices and apps updated

WATCH OUT FOR HIDDEN RISKS

- Avoid banking on public Wi-Fi
- Only download from trusted app stores
- Review app permissions carefully
- Red flag: apps asking for too much access

ACT FAST IF SOMETHING IS WRONG

- Contact your bank/credit union immediately
- Change passwords (email + financial accounts)
- Monitor accounts for unusual activity
- Report the scam
